Lab 3 - Improving the Default Visualization

Ariane Ducellier

7/19/2023

In this lab, we are going to improve some of the plots from Lab 2 by adding aesthetics to the plot.

Libraries

Load the necessary libraries.

```
library(ggplot2)
```

Data

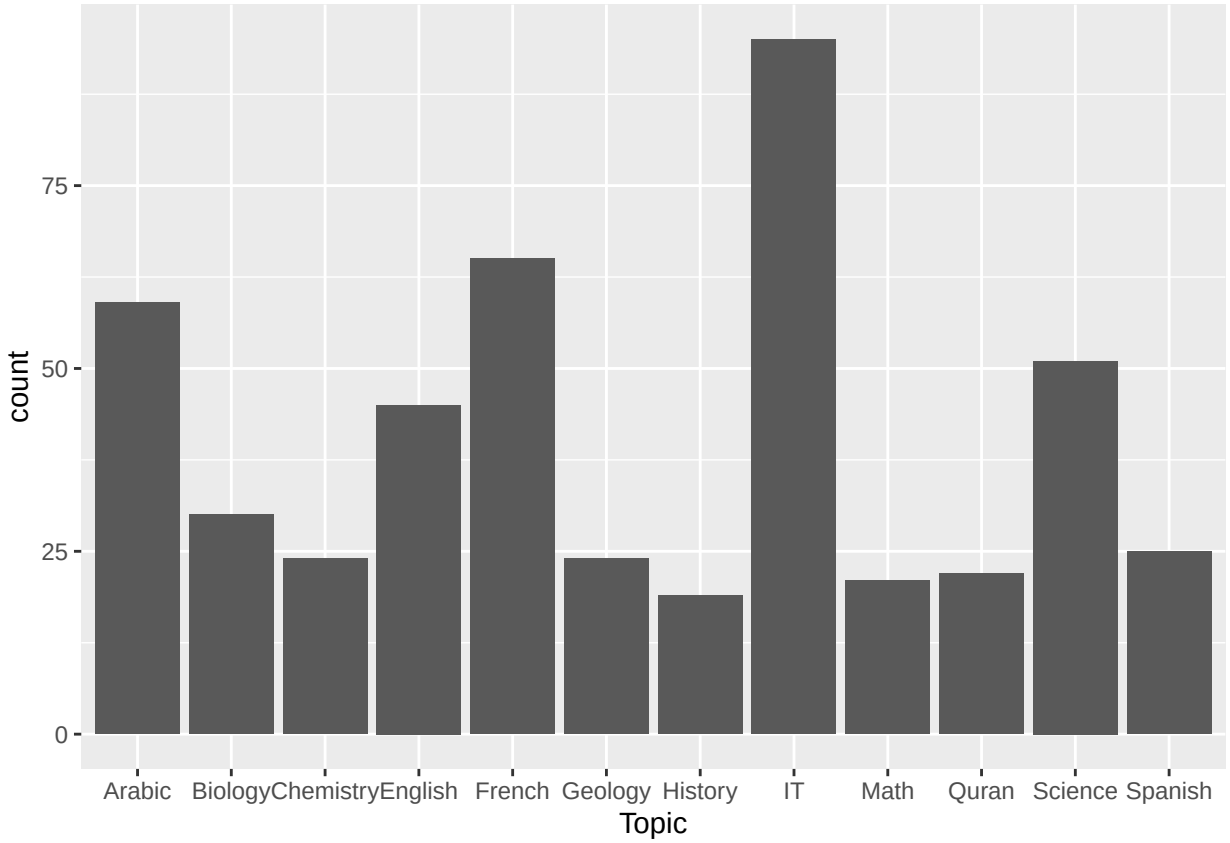
Load the data.

```
df_edu <- read.csv("../data/xAPI-Edu-Data.csv")
```

Plot 1

Complete the cell with the code to improve the plot.

```
ggplot(df_edu, aes(x=Topic)) + geom_bar()
```



Plot 2

Complete the cell with the code to improve the plot.

```
ggplot(df_edu, aes(x=VisitedResources)) + geom_histogram()
```

```
## `stat_bin()` using `bins = 30`. Pick better value with `binwidth`.
```
