Data Visualization with R - Introduction to Ggplot2

Ariane Ducellier

July 20, 2023

Before we begin

Install R

Install RStudio

Make sure we have the necessary packages installed

install.packages("ggplot2") install.packages("tibble")

install.packages("dplyr") install.packages("Lock5Data")

install.packages("gidExtra")

Verify if they are correctly installed

library(ggplot2) library(nibble) library(deplr) library(Lock5Data)

library(gridExtra)

getwd

setwd
